Ord. 3238

## Pavement Cut Fees

	PRODUCT OR SERVICE	FEE
1.	<b>Permit fee</b> Permanent patch with Hot Mix Temporary patch with Cold Mix If construction starts before permit is obtained	\$100.00 \$50.00 Double
2.	<b>Penalty for Excavating Newly Surfaced Streets</b> The cost of restoring the pavement surface multiplied by the factor listed: During the first year: During the second year During the third year During the fourth year During the fifth year	six times five times four times three times two times
	This penalty fee shall be computed in addition to normal resurfacing charges and shall be computed from the date at which the City accepted the newly paved surface	
3.	<b>Patching Fees</b> Based on the actual cost per ton of hot mix using the average cost per ton of hot mix meeting City standards that is derived from quotes from at least two local asphalt producers in Umatilla County. The cost per square foot charged will be based on applying the following formula:	(Cost per ton of hot mix)/6=Cost per square foot
4.	To recut for repatching from cold mix to hot mix, the cost per lineal foot will be based on applying the following formula:	(Cost per square foot)/2=Cost per lineal foot (actual cut length)
5.	For small street cuts, a minimum charge for 50 square feet applies. For very large street cuts, the patching may be done at cost if the applicant requests.	

Res. 2642
