SIGN PERMIT APPLICATION

File No. _____ Fee _____

NOTICE TO APPLICANT: Incomplete applications will not be acted upon or scheduled for a public hearing until the Planning Department receives all required submittal materials and fees. Failure to provide complete and/or accurate information may result in delay or denial of your request.

Not all signs are permitted outright. Your choice of sign may require conditional use approval, ODOT approval, or other authority approval. Signs requiring further review and approval require additional fees. Applicant is encouraged to review application process, sign ordinance, and River Quarter Plan on website (www.pendleton.or.us), and to speak with a permit clerk **prior** to purchase, manufacture, placement, or any type of financial obligation. **Failure to obtain an approved sign permit prior to any type of financial obligation does not remove the necessity of conforming to current ordinance language. City is not obligated to adjust fees or regulations if any type of financial obligation is made prior to obtaining an approved sign permit.** Signage regulations within the River Quarter (SW Court Ave) are different from signage regulations within the remainder of the City. **initial read**

Please PROVIDE a diagram with the application showing the site, building, street(s), striped parking area(s), building entrance, setback distances, sidewalk depth/width, and ALL proposed and existing signs on this lot, not just those proposed in this application.

Conditions: _____

The City does not regulate sign content, except content relating to activities that are illegal under any State or Federal law. Any sign containing potentially questionable or objectionable content, whether text- or image-based, is the sole responsibility of the creator/business/property owner. Applicants should be aware of any deed restrictions or covenants in effect on a property. It shall be the sole responsibility of the applicant to research said deed restrictions or covenants and determine if they prohibit or regulate signage.
