The applicant bears the burden of proof to show that the proposed use is compatible with other properties and uses in the zone. Applicants should be prepared to demonstrate that any negative impacts of the proposed use can be mitigated to minimize negative impacts on other properties in the immediate vicinity. This application form is intended to assist the applicant and staff in determining whether or not this application may be approved at the staff level, requires additional consultation, or a public hearing before the Planning Commission.

SUBMITTAL REQUIREMENTS. The following items must be completed upon submittal of a Home Occupation application. If you need assistance completing the forms, please contact the Planning Department. If you do not have a copy of the deed to your property to verify ownership, contact the Umatilla County Office of County Records at (541) 278-6236 or www.co.umatilla.or.us/records.htm.

1. Original, **signed Application form.** This information is public record and must be reproduced so please type or write clearly using dark ink. **Electronic submittals are encouraged.**
2. Detailed **site plan** showing location of building(s), parking, landscaping, vehicular and pedestrian access and circulation, and any other details that will aid in evaluation of the request. Please submit plans to scale if possible; use 1" = 20' or 1' = 40' unless plans are exceptionally large.
3. Any additional information you wish to supply to support your request.
4. The appropriate **fee.**

Please note: City of Pendleton Ordinance No. 3845 (the Unified Development Code) requires:

15.12 Consent to Annexation Required

Pursuant to the Joint Management Agreement with Umatilla County, any land use action on land in the Joint Management Area (lands inside the Pendleton Urban Growth Boundary but not inside the Pendleton city limits) is subject to all City of Pendleton criteria and standards. However, such properties do not pay City taxes, rely on Umatilla County as the primary response for police and fire service, and are also subject to a surcharge for water and sewer service. In order to reduce inter-jurisdictional issues, all land use actions inside the JMA shall carry, as a condition of approval, that:

- A. If the property abuts the City limits of the City of Pendleton, property owner shall provide a consent to the City for annexation; or
- B. If the property is inside the Urban Growth Boundary but does not abut the City limits of the City of Pendleton, property owner shall provide a consent to the City for annexation at such time as the property does abut the city limits.

Your signature authorizes City of Pendleton personnel to enter subject property to inspect/enforce City regulations.

Owner and/or Contractor(s) are responsible for correct identification of property lines and easements.

Identification of property lines on site must be established prior to and during Footing Inspection.

Identification can be either through marking of survey corners or survey property pins and strings.

This institution is an equal opportunity provider and employer.
